

## Upton upon Severn Town Council

### **Accessibility statement for Upton upon Severn Town Council website:**

Upton upon Severn Town Council recognise the importance of providing a website that is accessible to all user groups, including the disabled, the visually impaired and those with motor deficiencies and cognitive disabilities.

This statement explains the accessibility features we have implemented to help you use our website. They help improve navigation for screen readers, keyboard navigation and text-only browsers among other things.

#### General Information

We have designed our website with accessibility in mind. Some of the general features include:

- using clear, simple language which is easy to understand
- use of clear text and fonts
- use of common web conventions
- avoiding the use of blinking or flickering elements
- clearly labelled tables

We would like as many people as possible to be able to use our website. So you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software

We have endeavoured to ensure our website conforms to level A compliance as specified by the Web Content Accessibility Guidelines (WCAG2.1).

But we are aware some parts of our website are not fully accessible such as some older PDF documents are not fully accessible. Any new PDFs or Word documents we publish will meet accessibility standards.

Please let us know if you have any questions or feedback regarding the accessibility of our website or if you experience any difficulty using it.
